

Harshvardhan Mishra

Frontend Developer | React.js & Next.js

✉ mharshvardhan40@gmail.com ☎ 8368035050 📍 Delhi

SUMMARY

Results-driven Frontend Developer with experience building enterprise-grade CRM platforms and business automation systems using React.js and Next.js. Worked extensively on the frontend architecture of multiple CRM solutions, including modules for order management, shipping automation, product listing, enquiry handling, OCR-powered document processing, AI-driven workflows, inventory tracking, and warehouse operations. Skilled in developing scalable, responsive, and high-performance user interfaces that streamline business operations and improve workflow efficiency. Strong understanding of API integrations, real-time systems, and modern frontend development practices.

PROFESSIONAL EXPERIENCE

Frontend Developer (React.js / Next.js)

PARTSKLIK LLP - September 2024 – Present | On-Site

- Developed and maintained the complete frontend architecture for **3 custom CRM systems** using **React.js and Next.js**, focused on business automation and operational efficiency.
- Built advanced modules for **order management, inventory tracking, shipping & dispatch workflows**, improving overall business operations and process visibility.
- Developed interfaces for **product listing management, enquiry handling, customer workflows, and task automation**, enabling smooth day-to-day operations.
- Implemented **OCR-based document processing workflows** and collaborated on **AI-powered automation systems** to reduce manual work and improve data accuracy.
- Created responsive, mobile-friendly dashboards for **warehouse operations, barcode workflows, dispatch management, and real-time tracking systems**.
- Integrated frontend systems with APIs and collaborated closely with backend teams to deliver scalable and seamless CRM experiences.

Frontend Developer

DIGI INDIA SOLUTIONS - September 2023 – September 2024 | On-Site

- Developed and delivered **35+ responsive and SEO-friendly websites** across industries including healthcare, e-commerce, and education.
- Built modern, responsive user interfaces using **React.js, HTML, CSS, Bootstrap, and Tailwind CSS**, ensuring cross-device compatibility and optimized performance.
- Worked on **dynamic dashboards, role-based systems, and real-time business applications**, contributing to scalable frontend experiences.
- Collaborated with teams to integrate APIs and enhance platform usability, performance, and user experience.
- Maintained clean, reusable, and scalable code while following modern frontend development practices and version control using **Git/GitHub**.
